Guided Hike at Bergen Swamp

In lieu of a regular meeting, the Bergen Swamp Preservation Society has graciously offered to lead us on a hike through the Bergen Swamp. We will gather at our regular meeting time at the caretaker's house at the north end of Hessenthaler Road (see map, attached).

Wear clothes that can get wet or muddy. Wear sturdy footgear - boots are preferred but sturdy sneakers that can get wet or muddy are okay - do not wear sandals!! Bring rain gear if needed, and water to drink.

We will cover about two miles in two to three hours. The trail is rough in places and may be wet.
Please contact me at 753-2034 or rbell@monroecounty.gov to let me know if you plan to go on the hike so that we can arrange enough guides.
